

SUPPORTS HEALTHY PROSTATE[#]

Although there is scientific evidence supporting the claim, the evidence is inconclusive.

INDICATIONS

- ✓ Antioxidant action*
- ✓ Helps maintain prostate health*

TARGET AGE GROUPS

For Young, Adults and Seniors

SGL's Ulprost formula combines high purity, quality manufactured blend of herbal ingredients in right proportion to support healthy prostate. It is just an end to your hunt for right supplement for everything which interferes with proper functioning of prostate, good night sleep, urination and bladder functions. Get your confidence back with this unique and smart formulation of herbs!

SERENOA REPENS (Saw Palmetto extract)

Saw Palmetto is a fatty acid mix from *Serenoa repens* that has been touted for its ability to affect men's health positively and is traditionally popular for managing various men health issues. Several in-vitro studies have shown that saw palmetto extract could naturally inhibit 5α reductase enzyme which convert the testosterone to dihydrotestosterone (DHT).

PUMPKIN SEED OIL

Pumpkin seeds are rich source of protein, lipid, potassium and Iron. In addition, cucurbitin, phytosterols have been extracted from pumpkin seeds and synergistically act along with saw palmetto to support normal prostate health.

NETTLE (*Urtica dioica*)

The extracts of the roots of the stinging nettle contain a complex mixture of water and alcohol soluble compounds such as fatty acids, sterols (beta-sitosterol, campesterol, and stigmasterol), and flavonoids.

COMMON BEARBERRY (*Arctostaphylos uva-ursi*)

It is also known as uva ursi or bear's grape and its leaves are traditionally brewed into hot drinks and used in treating urinary tract infections. It possesses antibacterial properties due to its active principle arbutin.

In addition to these purified herb extracts, SGL's Ulprost formula is enriched with potent antioxidants like Lycopene, zinc and selenium. Lycopene is considered as most potent singlet oxygen quencher among all carotenoids and could reduce incidence of oxidative stress which is common cause of many other health ailments among males. Zinc is very important micronutrient for proper functioning of hormones, enzymes and immune system. Selenium is an important part of antioxidant enzyme glutathione and confers protective effects on cellular system.

PACKAGING

30 Softgel Capsules in Round HDPE Bottle.

RECOMMENDED STORAGE

Store in a cool and dry place.
May refrigerate after opening to maintain freshness.

WAY TO USE

1 capsule daily with meals or as directed by the physician.

SHELF LIFE

24 months from the date of manufacturing under recommended storage condition.
